College Freshmen!

Students from Roaring Fork PreCollegiate, Trio Upwardbound, and Summit Pre-Collegiate at Summer Bridge.

Class of 2019 Summer Bridge day was on July 31st! It was a fun and productive day spent with students from TRIO Upward Bound, Summit Pre-Collegiate, and with college reps from CMC, CSU, CU, UCCS, Western State and Mesa. This was our second year of having a summer bridge day before our students head off to college. During our summer bridge day we make sure that our college freshmen have everything ready to go for their first day of class. We get to help with any last minute questions and help them connect with their college reps and PreCollegiate alumni.

As part of our efforts to help the transition to college we have been visiting campuses throughout the state and have been checking in with students via text, email and Skype as they start the year. We are so proud of them!

Roaring Fork High School seniors at their weekly college advising meeting with PreCollegiate staff.

It has been a busy start to the new school year. All of our mentors have continued their meetings with their groups, and we have some exciting new programming for all of our grades. This year we have a goal of upping our overall enrollment to a total of 390 PreCollegiate scholars served by over 40 amazing mentors! We are preparing for our annual 7th grade recruitment of new students in Basalt Middle School, Carbondale Middle School, and Glenwood Springs Middle School. Our PreCollegiate Club at Riverview School is off to a great start for its third year! This year has a lot of great things happening!
